ABOUT ARTS & CULTURAL ENGAGEMENT

HART CULTURE C.I.C. has been following closely the Business Manual Booklet 2010 – 2011 that puts the projections of the Companies focus from 2010 to 2014. This is the year ending of that booklet and we will be publishing the new booklet later on in 2015 after a review of the collated casestudies.

DEVELOPMENT

Golden Era Partners such as Bubbles FM and Key Team Leaders such Samel Ade, Bianca Tomlinson, Transform Newham, Communities of health, Althea Smith (Ex Mayor of Southwark), Lookman Sanusi (Heavy Wind Media) and brief Volunteer Professionals such as David Oforu-Appiah have all kept the momentum of Leading the Golden Era and actualised everything that has needed to be done.

Social Media was used to collect comments and connect with people around the world, however later on in the year of 2014, Facebook Inc issued Hart Culture Profile with a 'notice' that these comments would be deleted if it was not 'changed' into a 'brand'. (A type of Social Tool on their platform). This 'change' made us lose a lot of vital comments and writing related to the 'live transitional process' of the 'Golden Era? This was a disappointment to us, as we have not got any experts at HC to retrieve all of those lost comments. This may be something to look into as soon as the times become available.

HART CULTURE is the only leading Social Enterprise 100% dedicated to promoting the Return of The Golden Race since 21 December 2012.

FORWARD THINKING

HART CULTURE'S is the official leader of the 'Golden Era', and is the chosen and approved Foundation by local communities to issue 'Education' about how to move safely into the coming 'Golden Age'.

This is a great honour, as the leader of the Organisation is merely 28 years old, and nothing of this magnitude or feat has ever been bestowed on a 28 year old since Alexandria stamped into Egypt to Colonise Upper & Lower Egypt removing all 'essence' of the 'Black Egyptian' out of 'Cultural Awareness' or from divine countenance. The demise of the 'Positive Black Image', as that of next too 'divine' would take upto the year of 21 December 2012 to 'fully restore'.

WIDER PARTICIPATION

Because of this 'restoration' of 'truth' to our 'divine image' as a people and the 'Kingdoms' that we emerged from, other 'peoples', parts of the black communities and the next generation can enjoy 'soaking up the rays' of 'divine countenance' again from this 11 Year' Arts Regeneration preparation.

ABOUT ARTS & CULTURAL ENGAGEMENT

The Conscious Shift is there to enhance the 'Arts & Cultural Engagement' movement. A Social Media Community Page was organised to help 'collate' people together that all support or want to 'walk in Alignment' immediately after the 2012 Alignment Event, held on 21 December 2012. <http://www.facebook.com/2012Align>. After this page was published, it seems that many other 'Pages' were also published using similar names and 'characters', however the 'Official Page' hosted by 'HART CULTURE C.I.C.' still remains the authentic Global Link to the 'Alignment' and is always the top '4' choices if you use the 'search' tool in Facebook for 'Alignment' or #2012Alignment.

TECHNIQUES

HART CULTURE C.I.C. and its employed Team of Professionals have exhausted every Modern option and Social Platform to get the message of the '2012 Alignment & Golden Era' to the 'people of tomorrow'.

Team Leader of the Golden Era – Ms Hart, interviewed a series of African Actors and Actresses to ask them if they 'understood' what the 'Golden Era' was about and how they felt about the 'Golden Era'. All the responses were recorded and broadcasted for wider participation and we were pleased with the results.

ARTS & CULTURAL ENGAGEMENT | GOLDEN ERA & PUBLIC DOMAIN LEADING THE GLOBAL CONSCIOUS PARADIGM SHIFT

HC Head quarters,
East London
Silvertown
London E16

ABOUT ARTS & CULTURAL ENGAGEMENT

HART CULTURE has been monitoring the 'participation' and 'levels of support' for the 'Golden Era' and 'Positive Alignment' in every Industry. We are seeing some signs of support from some industries, and 'complete parodies' in some places of 'Authority' that are supposed to be a 'divine example'?

(Photographed on the right) This Photograph was taken on the 'dawn' of the 21 December 2013 Alignment?

it seems that the 'Authorities' fully understand what the 'movement' is about, however for some strange reason are choosing to 'parody' and take 'jest' out of it, and use the 'consciousness capital' in their 'Advertising campaigns' to continue to do what they have always done 'increase sales'?

Not one sponsor has come forward to 'fund' or donate' over £1,000 to HART CULTURE C.I.C. for initiating and/or leading the Golden Era? We have yet to write to Companies and follow up on their involvement and hopes for the last seven years of the Golden Era (A.D. 2012 – A.D. 2022)

TECHNIQUES

From this 2014 Casestudy, we can now conclude that 75% majority of the worlds Organisations and Commercial 'Enterprises' understand 'Fully' what the 'Golden Era' is all about through their exhibition of it 'detest' and 'jokes'. This means, that we should not expect 'funding' to be our source for 'growth' any longer by 2016, however spiritual 'capital' to drive and build communities.

Local Authorities interpretation and participation in the Golden Era on the Commercial platform. December 2012.

FORWARD THINKING

HART CULTURE has been turned down by many Funders that see the objective 'Ethnic and Investment'. This may be due to the current 'situation' that 'whole world' is engulfed in at the moment. "Men" have placed themselves by themselves at the "Top" enclaves of the invention of "Finance", and have tied every soul to it. This is dehumanising, because "Money" can be made out of "Toilet paper" (As quoted in the 2014 Alignment Anniversary by experienced Industry Professional of the Finance Sector). This shows us that "Money" was a ploy to "Extract" the very best of our "character, Vitamin and Life Source" out of us? Therefore, we have concluded that we no longer should benefit "Money" as a means of moving our mission of 150% Positive Achievement in Local Communities to develop.

WIDER PARTICIPATION

It seems that Commercial Companies that have the opportunity to 'fund' and sponsor this 'Positive Paradigm Shift' are choosing the route of 'parody'?

LEADING THE GOLDEN ERA

Hart Culture C.I.C. is currently part sponsored by the World's Oldest Brand - Tate & Lyle, Makers by Royal Appointment of 'Lyle's Golden Syrup' (Guinness Book of Records).

This #Christmas More than a million tins will leave Lyle's factory of #Golden Syrup on the banks of the River Thames this month and people all over the world will keep Lyle's #Golden Syrup in their cupboards - from the UK to China, South Africa to Australia, and the USA to the Yemen.

Hart Culture C.I.C. has been graced enough to operate from the Factory since 2009 and pleased that Tate & Lyle will be sending out Special Edition Tins of Golden Syrup to @HartCulture Guests at the 2012 Alignment on the Night - Saturday Dec 21 2013. In short, Hart Culture C.I.C. is leading A Golden Era.

The story goes that the "lion and bees" design comes from Abram Lyle's religious beliefs: it's a reference to a story in the Old Testament, in which Samson killed a lion, then saw that bees had formed a honeycomb in the lion's carcass. The Bible references Samson's words that also feature on the tin . . . "Out of the strong came forth sweetness".

Turning our 'Negative Past' into a Positive means that Hart Culture C.I.C. is almost an analogy of Samson's Dead Lion. The Culture's we lost, the connections to the Arts on a daily basis . . . The connection to creativity. The three black dots between the "CIC" denotes that basic divine relationship 'three', mother, father and child that make up the human "family. Some Religions call it, the holy trinity and in the Ancient Kingdoms before that, it would have been crafted into human scale Pyramids. We have also scheduled mini-lecture series to look specifically at the 'Philosophy of HART CULTURE'.
